

Our neoprene shoulder strap incorporates Aircell™ comfort technology to reduce fatigue when transporting your case. The shoulder strap can easily be attached to most NANUK™ cases without any additional hardware.

SHOULDER STRAP

- A** Patented Aircell™ technology
- B** Shoulder strap attachment

FRONT

REAR

| MATERIAL | WEIGHT | WARRANTY | COMPATIBILITY |
|---|-----------------|----------|--|
| <ul style="list-style-type: none"> • Strap - nylon • Pad - AircellTM • Clasp - coated steel | 1 lbs 0.45 kg | 1 Year | Compatible with NANUK TM 905 – 945 cases. |

- AircellTM technology uses multiple sealed air chambers along the surface of the strap to absorb and dampen the load as you walk.

- Typically clamps right to your case or bag without any further modifications.
- Top grade materials will provide you with years of use and comfort.

- Your bag or case will always feel safe and secure, no more worries of slipping or unlatching.
- **100% Satisfaction Guaranteed**
